

2022 Annual PREA Report

For the period of 1.1.2022 through 12.31.2022, the REGIONS and HAMILTON juvenile residential programs for males reported the following data. Data was compiled from Boys & Girls Village's Electronic Health Record and required related reporting to the Court Support Services Division of the Connecticut Judicial Branch.

The HAMILTON Program, which closed at the end of May 2022, reported zero allegations of abuse or sexual harassment incidents. A total of **21** clients were admitted and **21** clients discharged during the reporting period.

The REGIONS Program reported four youth on youth nonconsensual sexual act allegation. Three which did not occur within the residential unit. Three allegations were determined to be substantiated and one was unsubstantiated after conducting administrative investigations. A total of **13** clients were admitted and **11** clients were discharged during the reporting period.

All allegations were investigated, and corrective actions were taken when appropriate.
